Madam/ Sir,

Subject: BHEL (India) Eol for technology tie-up for Centrifugal Compressors used in Petrochemical Sector

BHEL is a leading state owned company, wherein Government of India holds 63.17% of its equity. BHEL is an integrated power plant equipment manufacturer and one of the largest engineering and manufacturing organization in India, catering to the core infrastructure sectors of Indian economy viz. energy, transportation, transmission, defence, renewable and non-conventional energy.

BHEL is looking for a technology partner for Centrifugal Compressors used in Petrochemical Sector. In this regard, BHEL has floated an Expression of Interest (Eol) seeking response from technology owners willing to be associated with BHEL.

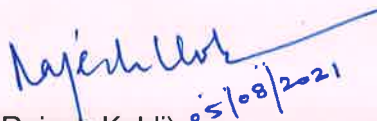

We have uploaded the Eol at BHEL's website and it can be accessed using the link below:

<https://www.bhel.com/expression-interest-technology-collaboration-agreement-centrifugal-compressors-petrochemical-sector>

We solicit your support to advise commercial section of your High Commission/Embassy to publicise our Eol document among technology owners for Centrifugal Compressors used in Petrochemical Sector.

Thanking you,

Yours sincerely,

(Rajesh Kohli) 05/08/2021
